Woven Fiberglass Tape

Item	Unit	Performance	
Appearance	—	White, allows a small amount of oil yarn, and the surface is clean	
Thickness	mm	0.10、0.13、0.20	±0.03mm
Width	mm	10、20、25、30、50	±2mm
Tensile Strength	N/10mm	≥196	
Flame Resistance		VW-1	
Temperature Resistance	°C	≤550	
Weave		Plain	

This product is woven from alkali free glass fiber and has excellent insulation and high temperature resistance.

Using this product as a binding for the end of the motor and transformer coils can make the binding area more secure and reduce volume and weight and make the impregnation more uniform and effective, improving various performance and service life of components.
